SDC1-11451	Kofax	Prod - Leader extracted to CSV, not XML	No
SDC1-11963	Documentation	Update Extraction & Mapping document – correct anomalies and omissions	No

SDC Release notes for v12.0

Additional Details

SDC1-11187 - Portal – Rejections – enable ability to search for UMR and Carrier Ref/s

REQUIREMENT: Provide the ability to search for rejected submissions in the SDC Portal for MRC uploads and email submissions

BACKGROUND: When a document is **Rejected**, nothing is recorded against the submission in the SDC Portal that allows users to search for key info like UMR and Carrier References. This is because rejections have not progressed through data extraction, usually because they're not MRCs

CHANGE SUMMARY: This change introduces the ability to include the UMR and Carrier Reference in an email submission. These will be populated in the SDC Portal to enable a search

CHANGE DETAIL: Including the following text in the body of the email will render the info against the submission in the Portal.
The syntax is important so be mindful of the colon and semi-colon use and positioning:

carrier_reference: ABC123DEF;
UMR: B0621GHH123DEF;

Send

From: you@yourorg.co

carrier_reference: ABC123DEF;
UMR: B0621GHH123DEF;

SDC Portal – View Transactions

Carrier Reference: ABC123DEF	UMR: B0621GHH123DEF
Request id: EMA0001333225	Document Type: N/A
Status: InProcessing	Lloyd's Europe?: No
Sender:	Declaration?: No
UW Reference: N/A	

Note: Placing Platforms and Message Exchange (ACORD Gateway) submissions already provide UMR and Carrier References

SDC Release notes for v12.0

Additional Details

SDC1-11185 - Portal - View Transactions - Increase Search criteria options for SDC Users

REQUIREMENT: Enhance Search capability in the SDC Portal

CHANGE SUMMARY: Enable more specific searching against various criteria.

CHANGE DETAIL: The Search facility in the SDC Portal View Transactions feature introduces a new 'Advanced Search' Tab that provides criteria to narrow searches.

View Transactions

Enter desired search criteria and press **Filter**.

Project Support

- Aliaksandr Kazlouski – Project Manager
- Greville Baghurst – SDC Product Owner
- Dinesh Purohit – Business Analyst

The background is a solid blue color. It is decorated with a repeating pattern of diagonal lines in white and light blue, and L-shaped icons in orange. The L-shaped icons are positioned at the intersections of the diagonal lines.

LIMOSS

An orange arrow originates from the bottom of the letter 'I' in LIMOSS, points vertically upwards, then turns 90 degrees to the right, extending horizontally across the text.
